Summer is just Around the Corner!

As we continue into Summer, plans are underway to make our Summer Program a unique, fun, and educational experience for your child. Every September, we get feedback from parents and teachers that children who continue the learning process throughout the summer have a more successful transition into the new school year (both social-emotionally and academically).

"CAMP PACIFIC"

A literature-based curriculum, inspired by Caldecott and New York Times Award Winning children's books. Your child will have the opportunity to participate in a wide variety of engaging learning activities, combining education with summer fun, integrating all areas of learning:

-
- | | |
|----------------------------|-----------------------|
| • Literature Comprehension | • Math |
| • Early Reading Skills | • Science |
| • Writing & Language | • Health & Nutrition |
| • Social-Emotional | • Motor Development |
| • Character Development | • Creative Expression |
-

Our summer will conclude with a culminating event:

"Family Fun Day"

Thursday, Aug. 16th & Friday, Aug. 17th

Camp Pacific's Playhouse Theater will come "alive" for you....

- Children's Class Presentations (based on Award winning literature)
- Family Activities
- Food vendor
